OUR JOURNEY

From A Single Idea To Qatar's Trusted Mobility Partner

It began with a simple idea: mobility in Qatar should be simple, reliable, and built around people. That idea grew into Splendid Rent A Car, the founding division of Splendid Group.

Launched in 2018, we set out to deliver dependable, high-quality mobility solutions for Qatar's growing population and business community. Steady investment in our fleet and our people has taken us from modest beginnings to a core division of Splendid Group, now running a fleet of over 2,000 vehicles for individuals, corporates, and specialized industries.

Every vehicle maintained to the highest standard. Every customer treated with care. Every journey shaped by the same values of trust and quality on which Splendid Group was built.
